

## **Pressing Unit ACO403**

powered by Brushless Motor Technology

# Highly Efficient Powerhouse

- High press force powerful for large pipe dimensions
- Ideally suitable for special applications with special requirements concerning high pressure
- Battery status indicator Battery capacity can be controlled anytime
- Analysis of the pressing tool performance via NovoCheck app

#### **Pressing Unit ACO403**

#### Efficient press technology

The Comfort-Line Pressing Unit ACO403 is ideal for high-pressure applications with dimensions from 76.1 to 108 mm and for drinking water installations even up to 168.3 mm. The innovative Brushless Motor Technology is impressive with its high performance and its low need for maintenance. Thanks to the new, implemented Bluetooth® Technology, device-related data can be requested via the NovoCheck app.

#### NovoCheck-App

- Data transfer between pressing tool and app
- Possibility to check the pressing tool's current status
- Analysis of the pressing tool performance
- Integrated report function for documentation of the installation

#### Scope of application

- Drinking water installations and high-pressure applications (such as sprinkler systems)
- Press collars for M-profile fittings of various system manufacturers available\*

#### Accessories

- Press collars 403
- Charger available in many worldwide power supply specifications
- 18 V Milwaukee® batteries with implemented batterystatus-indication available

### Novopress quality and service

#### Tool features

- Battery-empty-detection
- Error display
- Device information through the LED indication under the start button
- Automatic pressing cycle

#### Maintenance and service

- Qualified service on site thanks to international service network
- Mobile on-site service thanks to our service vehicle in Germany and parts of Europe
- Extended warranty (further information at www.novopress.de)

Technical Data ACO403	
Dimensions:	Metal pipe 76.1 / 88.9 / 108.0 / 114.0 / 139.7 / 168.3 mm, further on request
Weight without battery:	12.8 kg
Length:	650 mm
Width:	95 mm
Height:	320 mm
Power consumption:	450 W
Piston force:	120 kN
Piston stroke:	60 mm
Battery:	Milwaukee ®M18™ battery system <sup>1</sup>
Battery capacity 2:	up to 30 press cycles

40 - 75 min.

Charging time <sup>3</sup>:

1) all Milwaukee® capacities in the market can be used 2) depending on material, dimension and battery capacity 3) depending on battery capacity

<sup>\*</sup> for binding information please request your system manufacturer
